Core Aims

- Is your bid between £10k and £150k?
- Does your project exclusively target the communities within Southend on Sea, Castle Point & Rochford?
- Can your project be mobilised by April 2024?
- Have you clearly demonstrated how your project contributes to the specific aims of the Health Inequalities Fund?
- Are you sure your project does not provide a service or offer that should be commissioned Statutorily
- Are you sure your project is NOT a duplication of an existing service, project or Health Inequalities initiative?

Financial Sustainability

- Have you evidenced the financial sustainability of your project?

Innovative and Collaborative Approach

- Have you identified at least one partner within the local system to co-deliver the project?

Evaluation and Exit Strategy

- Have you described how your project plans to embed robust evaluation?
- Have you clearly outlined the methods for identifying outcomes and impact?
- Have you demonstrated a clear and safe closure and exit strategy for the project/initiative when the grant ends?
